1. Print at 100% (Actual size), not Fit to page. The square must measure exactly 1 in.
2. Tape the sheet to the wall with the top edge level. Check for studs, pipes and cables first.
3. Cut on the solid line, keeping the rounded corners: the screws go into the wall beyond them.
4. Fit the frame, open the door and drive the screws supplied through the + marks.

Dashed line: the frame's outer edge
